Friday rows are shaded gold. The gold edge marks the last ten days of Ramadan (days 21 to 30), when Laylat al Qadr is sought.
Dates depend on the moon sighting announced in Indonesia. If Ramadan starts a day later, move each time down by one row. Day 30 is fasted only if the month has 30 days. Imsak is a precaution 10 minutes before Fajr. Times may differ by a minute or two from your local mosque.
