Highlighted rows are Fridays (Jumuah). Times are calculated for central Cairo using the Egyptian General Authority of Survey method (Fajr 19.5 degrees, Isha 17.5 degrees) and may differ by one or two minutes in other districts. Day 30 applies only if Ramadan completes 30 days. Dates are expected and depend on the official crescent announcement of Dar al Ifta Egypt; if Ramadan starts on 9 February, shift every date one day forward.
