How to Use This Timetable

- Times are calculated for Kolkata (22.57 N, 88.36 E) using the 18 degree Fajr angle and standard sunset with a 2 minute safety margin for Iftar.
- Suhoor ends at the start of Fajr. Finish eating a few minutes earlier to stay on the safe side.
- Start dates depend on local moon sighting. If Ramadan begins on 8 February, shift the Ramadan day numbers one day earlier. The clock times for each calendar date stay the same.
- Local mosque committees and your own masjid timetable always take priority when they differ by a minute or two.
- Rows in brown mark Ramadan days 21, 23, 25, 27 and 29. The odd nights of the last ten days begin at Iftar on the evening before each of these dates, when Laylat al Qadr is sought.

Simple Ramadan Routine

- Suhoor: oats, eggs, dates, fruit and plenty of water.
- Iftar: begin with dates and water, pray Maghrib, then eat a balanced meal.
- Taraweeh: pray after Isha at your nearest masjid.
- Quran: aim for a fixed daily portion, even a few pages.
- Charity: give Zakat al Fitr before the Eid prayer.

Iftar Dua

Dhahaba az zama u wabtallatil uruq wa thabatal ajru insha Allah. (The thirst is gone, the veins are moist, and the reward is confirmed, God willing.)
